Notice of Annual and Special Meeting of Shareholders May 5, 2014

NOTICE IS HEREBY GIVEN that the Annual and Special Meeting of Shareholders of **IVANHOE MINES LTD.** (the “**Company**”) will be held in the Princess Louisa Suite at the Fairmont Waterfront Hotel, 900 Canada Place Way, Vancouver, British Columbia on Monday, May 5, 2014, at 1:00 PM (Pacific time) (the “**Meeting**”) for the following purposes:

1. to receive the Company’s audited financial statements for the financial year ended December 31, 2013 and the auditors’ report thereon;
2. to set the number of directors at ten (10) for the ensuing year;
3. to elect directors for the ensuing year;
4. to re-appoint Deloitte LLP, Chartered Accountants, as auditors for the ensuing year and to authorize the directors to fix the auditors’ remuneration;
5. to approve a resolution approving and reconfirming the Company’s Equity Incentive Plan in accordance with the requirements of the Toronto Stock Exchange, as well as a proposed amendment to that plan; and
6. to transact such other business as may properly come before the Meeting or any adjournment(s) or postponement(s) thereof.

The board of directors has fixed March 17, 2014 as the record date for the determination of shareholders entitled to notice of, and to vote at, this Meeting and at any adjournment(s) or postponement(s) thereof.

A Management Proxy Circular accompanies this Notice. The Management Proxy Circular contains details of the matters to be considered at the Meeting.

Notice-and-Access

The Company is utilizing the notice-and-access mechanism (the “**Notice-and-Access Provisions**”) under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* and National Instrument 51-102 – *Continuous Disclosure Obligations*, for distribution of Meeting materials to registered and beneficial shareholders.

Website Where Meeting Materials are Posted

The Notice-and-Access Provisions are a new set of rules that allow reporting issuers to post electronic versions of proxy-related materials and annual financial statements (including management proxy circulars) on-line, via the System for Electronic Document Analysis and Retrieval (“**SEDAR**”) and one other website, rather than mailing paper copies of such materials to shareholders. Electronic copies of the Management Proxy Circular, the annual audited consolidated financial statements of the Company for the year ended December 31, 2013 (“**Financial Statements**”) and management’s discussion and analysis of the Company’s results of operations and financial condition for the year ended December 31, 2013 (“**MD&A**”) may be found on the Company’s SEDAR profile at www.sedar.com and the Company’s website at www.ivanhoemines.com. The Company will make limited use of the procedures known as “stratification” in relation to the use of Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of the Management Proxy Circular to some shareholders with the notice package. In relation to the Meeting, shareholders with existing instructions on their account to receive printed materials and those shareholders with addresses

outside of Canada and the United States will receive a printed copy of the Meeting Materials. All other shareholders will receive only the required notification documentation under the Notice-and-Access Provisions, which will not include a paper copy of the Management Proxy Circular.

Obtaining Paper Copies of Materials

The Company anticipates that using the Notice-and-Access Provisions for delivery will directly benefit the Company through a substantial reduction in both postage and material costs, and also promote environmental responsibility by decreasing the large volume of paper documents generated by printing proxy-related materials. Shareholders with questions about the Notice-and-Access Provisions can call our transfer agent, CST Trust Company, toll-free at 1-888-433-6443. Shareholders may also obtain paper copies of the Management Proxy Circular, Financial Statements and MD&A free of charge by contacting CST Trust Company at the same toll-free number or upon request to the Company's Corporate Secretary at 604-688-6630 (which is not a toll-free number).

A request for paper copies which are required in advance of the Meeting should be sent so that the request is received by the Company or CST Trust Company, as applicable, by 1:00 PM (Pacific time) on Thursday, April 24, 2014 in order to allow sufficient time for shareholders to receive the paper copies and to return their proxies or voting instruction forms to intermediaries not later than 48 hours (excluding Saturdays, Sundays and statutory holidays in the City of Vancouver, British Columbia) prior to the time set for the Meeting or any adjournments or postponements thereof.

Voting

A proxy form is enclosed herewith. Registered shareholders who are unable to attend the Meeting in person are requested to complete, date, sign and return the enclosed proxy form to CST Trust Company in accordance with the instructions set out on the proxy form and in the Management Proxy Circular. If you are voting your shares by proxy, our transfer agent, CST Trust Company, must receive your completed proxy form by 1:00 PM (Pacific time) on Thursday, May 1, 2014, or 48 hours (excluding Saturdays, Sundays and statutory holidays) before any adjournment(s) or postponement(s) of the Meeting.

Non-registered shareholders receiving these materials through their broker or other intermediary should complete and return the voting instruction form provided to them by their broker or other intermediary in accordance with the instructions provided therein.

SHAREHOLDERS ARE REMINDED TO REVIEW THE MANAGEMENT PROXY CIRCULAR BEFORE VOTING.

DATED at Vancouver, British Columbia, this 26th day of March, 2014.

MANAGEMENT PROXY CIRCULAR

SOLICITATION OF PROXIES

This Management Proxy Circular is furnished in connection with the solicitation of proxies by the management of IVANHOE MINES LTD. (“Ivanhoe” or the “Company”) for use at the Annual and Special Meeting (the “Meeting”) of its shareholders to be held on May 5, 2014, at the time and place and for the purposes set forth in the accompanying Notice of Meeting. Unless otherwise stated, this Management Proxy Circular contains information as at March 24, 2014.

The solicitation of proxies by management will be primarily by mail, but proxies may be solicited by directors, officers and regular employees of the Company personally, by telephone or by other means of electronic communication. All costs of this solicitation will be borne by the Company.

The board of directors of the Company (the “**Board**”) has fixed the close of business on March 17, 2014 as the record date, being the date for the determination of the registered shareholders entitled to receive notice of, and to vote at, the Meeting (the “**Record Date**”). Shareholders who acquire Class A Common shares following the Record Date will not be entitled to notice of, or to vote at, the Meeting, unless the transferee produces a properly endorsed share certificate for, or otherwise establishes ownership of, any of the transferred Class A Common shares and makes a demand to CST Trust Company no later than ten (10) days before the Meeting that the transferee’s name be included in the list of shareholders in respect thereof.

All references to “\$” in this Management Proxy Circular mean U.S. dollars unless otherwise indicated. References to “Cdn\$” mean Canadian dollars.

MEETING MATERIALS

Notice-and-Access

The Company has decided to use the notice and access mechanism (the “**Notice-and-Access Provisions**”) under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) for the delivery of this Management Proxy Circular, the annual audited consolidated financial statements of the Company for the year ended December 31, 2013 (“**Financial Statements**”) and management’s discussion and analysis of the Company’s results of operations and financial condition for the year ended December 31, 2013 (“**MD&A**”) (collectively, the “**Meeting Materials**”) to shareholders for the Meeting. Ivanhoe has adopted this alternative means of delivery in order to further its commitment to environmental sustainability and to reduce its printing, materials and mailing costs.

Under the Notice and Access Provisions, instead of receiving printed copies of the Meeting Materials, shareholders will receive a notice (“**Notice**”) with information on the Meeting date, location and purpose, as well as information on how they may access the Meeting Materials electronically and how they may vote.

Shareholders with existing instructions on their account to receive printed materials and those shareholders with addresses outside of Canada and the United States will continue to receive a printed copy of the Meeting Materials with the Notice.

Requesting Printed Meeting Materials

Shareholders can request that printed copies of the Meeting Materials be sent to them by postal delivery at no cost to them up to one year after the date this Management Proxy Circular was filed on SEDAR by

calling our transfer agent, CST Trust Company, toll-free at 1-888-433-6443 or the Company's Corporate Secretary at 604-688-6630 (which is not a toll-free number).

APPOINTMENT OF PROXYHOLDERS

The individuals named in the accompanying proxy form are directors and/or officers of the Company. **A shareholder may appoint, as proxyholder or alternate proxyholder, a person or persons other than any of the persons designated in the accompanying proxy form, and may do so either by inserting the name or names of such persons in the blank space provided in the accompanying proxy form or by completing another suitable proxy form.**

An appointment of a proxyholder or alternate proxyholder will not be valid unless a proxy form making the appointment, signed by the shareholder or by an attorney of the shareholder authorized in writing, is deposited with CST Trust Company:

- (a) by facsimile to 1-866-781-3111 (toll free in Canada and the United States) or 1-416-368-2502 (outside Canada and the United States),
- (b) by mail to P.O. Box 721, Agincourt, Ontario, M1S 0A1,
- (c) by email to proxy@canstockta.com (French language proxies to be sent to procuration@canstockta.com),
- (d) by hand to The Oceanic Plaza, 1600 - 1066 Hastings Street, Vancouver, British Columbia, V6E 3K9 or 320 Bay Street, Banking Hall Level, Toronto, Ontario, M5H 4A6,
- (e) by telephone at 1-888-489-5760 (toll free in Canada and the United States) from a touch tone phone, or
- (f) by Internet voting as described below,

and, in each case, must be received by CST Trust Company not later than 1:00 PM (Pacific time) on Thursday, May 1, 2014, or 48 hours (excluding Saturdays, Sundays and statutory holidays) before the Meeting or any adjournment(s) or postponement(s) thereof, at which the proxy form is to be used.

In order to vote by Internet, you must have the proxy form you received available and access the website at <http://www.cstvotemyproxy.com>. You will be prompted to enter the 13-digit Control Number, which is located on the reverse side of the proxy form that you will have received.

If your shares are held in "street name" (meaning through a broker or other nominee name) for your account, your broker or other nominee will advise you whether you may vote through the Internet. A number of banks and brokerage firms participate in programs that permit their clients to vote their shares through the Internet.

REVOCATION OF PROXIES

A shareholder who has given a proxy may revoke it:

- (a) by voting again by telephone, email or on the Internet before 1:00 PM (Pacific time) on Thursday, May 1, 2014;
- (b) by completing a proxy form that is dated later than the proxy form you are changing, and mailing it to CST Trust Company, Proxy Department, P.O. Box 721, Agincourt, Ontario, M1S 0A1, or by facsimile to 1-866-781-3111, so that it is received before 1:00 PM (Pacific time) on Thursday, May 1, 2014;
- (c) by sending a notice in writing from you or your authorized attorney (or, if the shareholder is a corporation, by a duly authorized officer) revoking the proxy, to the Corporate

Secretary of the Company so that it is received before 1:00 PM (Pacific time) on Thursday, May 1, 2014; or

- (d) by giving a notice in writing from you or your authorized attorney (or, if the shareholder is a corporation, by a duly authorized officer) revoking your proxy to the chair of the Meeting, at the Meeting.

The revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

EXERCISE OF DISCRETION

On a poll, the nominees named in the accompanying proxy form will vote, or withhold from voting or vote against (as applicable), the Common Shares (as herein defined) represented thereby in accordance with the instructions of the shareholder that submitted the proxy. The proxy form confers discretionary authority on the nominees named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified;
- (b) any amendment to or variation of any matter identified therein; and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the proxy form, the nominees named in the accompanying proxy form will vote the Common Shares represented by the proxy form at their own discretion, except where Management recommends that shareholders vote in favour of a matter, in which case the nominees will vote FOR the approval of such matter.

As of the date of this Management Proxy Circular, management of the Company knows of no amendment, variation or other matter that may come before the Meeting, but if any amendment, variation or other matter properly comes before the Meeting, each nominee named in the accompanying proxy form intends to vote thereon in accordance with the nominee's best judgment or as stated above.

VOTING BY NON-REGISTERED SHAREHOLDERS

Only registered shareholders ("**Registered Shareholders**") of the Company or the persons they appoint as their proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders ("**Non-Registered Shareholders**") because the Common Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Common Shares or through which the Common Shares are held. Common Shares beneficially owned by a Non-Registered Shareholder are registered either:

- (a) in the name of an intermediary (an "**Intermediary**") that the Non-Registered Shareholder deals with in respect of the Common Shares of the Company (Intermediaries include, among others, banks, trust companies, securities dealers, securities brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or
- (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc.) of which the Intermediary is a participant.

Pursuant to NI 54-101, the Company has distributed copies of the Management Proxy Circular and the other proxy-related materials in connection with the Meeting (the "**Meeting Materials**") to Non-Registered Shareholders indirectly through Intermediaries using the Notice and Access Provisions. The Company is not using the Notice and Access Provision to send Meeting Materials directly to Non-Registered Shareholders, nor does the Company intend to pay for the cost of intermediaries to deliver the Meeting Materials to beneficial owners of Common Shares who have objected to an intermediary disclosing their beneficial ownership information ("**OBOs**").

Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. The Company will pay the fees and cost of the Intermediaries for their services in delivering the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either be given:

- (a) a voting instruction form which is not signed by the Intermediary and which, when properly completed and signed by the Non-Registered Shareholder and returned to the Intermediary or its service company, will constitute voting instructions (often called a “**voting instruction form**”) which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the voting instruction form will consist of a regular proxy form accompanied by a page of instructions, which contains a removable label with a bar code and other information. In order for the proxy form to validly constitute a voting instruction form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the proxy form, properly complete and sign the proxy form and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company; or
- (b) a proxy form which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of Common Shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the proxy form, this proxy form is not required to be signed by the Non-Registered Shareholder when submitting the proxy form. In this case, the Non-Registered Shareholder who wishes to submit a proxy form should properly complete the proxy form and deposit it with the Company, c/o CST Trust Company, Suite 1600, The Oceanic Plaza, 1066 Hastings Street, Vancouver, British Columbia, V6E 3K9 or 320 Bay Street, Banking Hall Level, Toronto, Ontario, M5H 4A6.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the Common Shares they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the proxy form and insert the Non-Registered Shareholder’s name or such other person’s name in the blank space provided. **Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or voting instruction form is to be delivered.**

A Non-Registered Shareholder may revoke a proxy or voting instruction form given to an Intermediary by contacting the Intermediary through which the Non-Registered Shareholder’s Common Shares are held and following the instructions of the Intermediary respecting the revocation of proxies. In order to ensure that an Intermediary acts upon a revocation of a proxy or voting instruction form, the written notice should be received by the Intermediary well in advance of the Meeting.

VOTES NECESSARY TO PASS RESOLUTIONS

Pursuant to the Articles of Continuation (the “**Articles**”) of the Company, a quorum for the transaction of business at any meeting of shareholders is at least two persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 5% of the issued Common Shares entitled to be voted at the Meeting.

Pursuant to the *Business Corporations Act* (British Columbia) (“**BCBCA**”) and the Articles, a simple majority of the votes cast at the Meeting is required to pass an ordinary resolution and a majority two-thirds of the votes cast at the Meeting is required to pass a special resolution.

At the Meeting, shareholders will be asked to consider and, if thought advisable, to: (i) pass an ordinary resolution to set the number of directors of the Board at ten (10); (ii) pass an ordinary resolution to elect directors to the Board; (iii) pass an ordinary resolution to re-appoint auditors for the ensuing year and authorize the directors to set their remuneration; and (iv) pass an ordinary resolution to approve and

reconfirm the Equity Incentive Plan of the Company in accordance with TSX requirements, as well as an amendment to that plan.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

The Company is unaware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of any person who has been a director or executive officer of the Company or is a proposed nominee for election as a director of the Company (or an associate or affiliate of such director, director nominee or executive officer) at any time since the beginning of the Company's last financial year in any matter to be acted upon at the Meeting, other than the election of directors and other than as a participant in the Equity Incentive Plan of the Company.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Company has an authorized share capital consisting of an unlimited number of Class A Common shares without par value (the "**Class A Shares**"), an unlimited number of Class B Common shares without par value (the "**Class B Shares**", and together with the Class A Shares, the "**Common Shares**"), and an unlimited number of Preferred shares without par value. A holder of record of one or more Class A Shares (as defined herein) on the securities register of the Company on the Record Date who either attends the Meeting personally or deposits a proxy form in the manner and subject to the provisions described above will be entitled to vote or to have such Class A Shares voted at the Meeting, except to the extent that:

- (a) the shareholder has transferred the ownership of any Class A Shares after the Record Date; and
- (b) the transferee produces a properly endorsed share certificate for, or otherwise establishes ownership of, any of the transferred Class A Shares and makes a demand to CST Trust Company no later than ten (10) days before the Meeting that the transferee's name be included in the list of shareholders in respect thereof.

To the knowledge of the Company's directors and executive officers, as at March 24, 2014:

STATEMENT OF EXECUTIVE COMPENSATION

The executive compensation disclosure is provided in Schedule 2.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

Equity participation is accomplished through the Company's Amended and Restated Employees' and Directors' Equity Incentive Plan dated May 4, 2012 (the "**Equity Incentive Plan**"). The Equity Incentive Plan is the only equity compensation plan the Company has in effect involving the potential issuance of securities from treasury and is intended to further align the interests of the Company's directors and employees with the Company's long term performance and the long term interests of the Company's shareholders. Prior to the adoption of the Equity Incentive Plan, options were granted to certain directors, officers, employees and consultants pursuant to Option Agreements. The following information is as at March 24, 2014:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans

Notes:

- (1) Includes 20,075,000 Class A Shares reserved for future issuance pursuant to issued and unexercised options under Option Agreements.

Summary of the Equity Incentive Plan

Purpose

Pursuant to the Equity Incentive Plan, the Board may from time to time, grant to eligible participants: (i) non-transferable options; (ii) Class A Shares by way of a bonus-in-kind; and (iii) the right to participate in a common share purchase plan (the "**Purchase Plan**"). The purpose of the Equity Incentive Plan is to secure for the Company and its shareholders the benefits of incentives inherent in share ownership by the employees and directors of the Company and its affiliates who, in the judgment of the Board, will be largely responsible for the Company's future growth and success. Eligible participants include directors, employees and service providers of the Company and any of its affiliates.

Limits of Issuance

The aggregate number of Class A Shares that may be reserved for issuance as options under the Equity Incentive Plan (excluding those allocated for issuance as bonus shares and under the Purchase Plan, as described below), together with any other security based compensation arrangements of the Company outstanding from time to time, shall not exceed 10% of the issued and outstanding Class A Shares from time to time. The Equity Incentive Plan is a "rolling plan" and, in accordance with the rules of the TSX options that have been cancelled, have expired or have been exercised will be available to be re-granted under the Equity Incentive Plan and, will not reduce the aggregate number of Class A Shares that may be subject to issuance under the Equity Incentive Plan.

Insider Participation Limit

The aggregate number of Class A Shares (together with any other securities-based compensation arrangements of the Company in effect from time to time): (i) that may be reserved for issuance to insiders under the Equity Incentive Plan (or when combined with all of the Company's other security based compensation arrangements) shall not exceed 10% of the outstanding Class A Shares from time to time; (ii) that may be issued to insiders under the Equity Incentive Plan (or when combined with all of the Company's other security based compensation arrangements) within any one-year period shall not exceed 10% of the Company's outstanding Class A Shares from time to time; and (iii) that may be issued to any one insider and his or her associates under the Equity Incentive Plan within any one-year period shall not exceed 5% of the Company's outstanding Class A Shares from time to time.

Options Terms and Exercise Price

The Board may at any time authorize the granting of options to such eligible participants as it may select, for the number of Class A Shares that it shall designate subject to the provisions of the Equity Incentive Plan. The term of any options granted shall be five years from the date such option is granted (or such greater or lesser duration as the Board, on the recommendation of the Compensation and Human Resources Committee of the Board, may determine at the date of grant), provided that if the expiry date should be determined to occur during a "blackout period" or within ten days following the expiry of such a period, the expiry date of such option shall be deemed to be the tenth business day following expiry of the blackout period. Each option shall have an exercise price equal to the weighted average price of the Class A Shares on the TSX for the five days on which the Class A Shares were traded immediately preceding the date of grant and have a term of five years from the date such option is granted or such greater or lesser duration as the Board may determine at the date of grant.

Option Vesting

Unless otherwise determined by the Board, options shall vest (in each case to the nearest full Class A Share) in four equal parts, representing 25% of the options, commencing on the one year anniversary of the date of grant and on each of the three anniversaries thereafter.

Alternative Exercise

Eligible participants may elect to, in lieu of the exercise of an option, receive that number of Class A Shares which is equal to the quotient obtained by: (i) subtracting the option exercise price per Class A

Share from the weighted average price of the Class A Shares on the TSX for the five days immediately preceding the date of such election and multiplying that amount by the number of Class A Shares issuable on exercise of the options subject to election; and (ii) dividing the product obtained from (i) by the weighted average price of the Class A Shares on the TSX for the five trading days immediately preceding the date of such election.

Effect of Termination of Employment or Death

Unless otherwise determined by the Board, if an eligible participant ceases to be employed by, or act as, a director of the Company or its affiliate: (i) as a result of death, any option held by such eligible participant at the date of death shall be exercisable only to the extent that the eligible participant was entitled to exercise the option at the date of their death and only for 12 months after such date or the expiration of the option, whichever is sooner; (ii) for any reason other than death or cause, any option held by such eligible participant at the effective date thereof shall become exercisable, only to the extent that the eligible participant was entitled to exercise the option at the date, for a period of up to 90 days thereafter or the expiration of the option, whichever is sooner; or (iii) for cause, no option held by such eligible participant will be exercisable following the date on which such eligible participant ceased to be employed or to be a director, as the case may be.

Loans to Employees

Subject to applicable law, the Board may at any time authorize the Company to loan money to an eligible participant (excluding any director or executive officer or equivalent thereof), on such terms and conditions as the Board may reasonably determine, to assist such eligible participant to exercise an option held by them.

Bonus Class A Share Issuances

The Board shall have the right to issue or reserve for issuance, for no cash consideration, to any eligible participant, any number of Class A Shares as a discretionary bonus subject to such provisos and restrictions as the Board may determine. The aggregate maximum number of Class A Shares that may be issued in the form of a bonus will be limited to 3,000,000 Class A Shares (equal to 0.51 % of the Common Shares issued and outstanding). At the Meeting, it is proposed to amend the Equity Incentive Plan to increase this limit to 5,000,000 Class A Shares (equal to 0.86% of the Common Shares issued and outstanding).

Purchase Plan

Eligible participants who have been continuously employed by the Company or any of its affiliates on a full-time basis for at least 12 consecutive months may, at the Board's discretion, contribute an amount equal to not more than 10% of their base salary towards the purchase of Class A Shares. In addition to the amount contributed by the eligible participant, the Company will contribute an additional amount determined by the Board, which shall not exceed the amount contributed by the eligible participant. On March 31, June 30, September 30 and December 31 in each calendar year the Company will issue to each contributing eligible participant that number of Class A Shares, rounded down to the nearest whole Class A Share, which is equal to the aggregate amount of the eligible participant's contribution and the Company's contribution divided by the weighted average price of the shares on the TSX for the 90-day period immediately preceding the date of issuance. The aggregate maximum number of shares that may be issued pursuant to this Purchase Plan will be limited to 3,000,000 Class A Shares.

If an eligible participant dies or otherwise ceases to be employed by the Company or any of its affiliates for any reason or receives notice from the Company of the termination of his or her employment, any amounts contributed by the eligible participant but not yet applied to the purchase of Class A Shares shall be paid to the eligible participant or their estate or successor as the case may be.

To date, the Board has not made the Purchase Plan available for participation by its eligible employees.

Amendments

On October 3, 2013 a Cease Trade Order against Ecometals was issued by the British Columbia Securities Commission for failing to file its audited financial statements and associated filings for the year ending March 31, 2013. Ecometals has confirmed that it continues to work with its auditors to complete the filings as soon as its financial condition allows.

Dr. Lukman was a director of MPF Corp., Ltd. from June 2007 through September 2008 at which time the company filed a voluntary petition for reorganization under Chapter 11 in the U.S. Bankruptcy Court for the Southern District of Texas, in joint administration with MPF Holding U.S. LLC. During the time that Dr. Lukman was a member of the board, no board meetings were held and Dr. Lukman received no fees from the company.

Mr. Lamarque was a director of Century Mining Corporation ("**Century**") until it was purchased through a statutory plan of arrangement by White Tiger Gold Ltd. ("**White Tiger**") in October 2011. To the knowledge of management, no director or executive officer of the Company, or shareholder holding a sufficient number of securities to affect materially the control of the Company has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or has been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor in making an investment decision.

2. APPOINTMENT OF AUDITORS

At the Meeting shareholders will be asked to appoint an auditor for the ensuing year. If there is more than one nominee for appointment as the Company's auditor, the nominee receiving the greatest number of votes will be appointed. If there is only one nominee for appointment as auditor, such nominee will be declared appointed by acclamation.

Deloitte LLP, Chartered Accountants, will be nominated at the Meeting for re-appointment as the Company's auditors at a remuneration to be fixed by the directors. Deloitte LLP has been the Company's auditors since May 1998.

Unless such authority is withheld, the nominees identified on the proxy form intend to vote FOR the re-appointment of Deloitte LLP as the auditors of the Company to hold office for the ensuing year at the remuneration to be fixed by the Directors.

3. APPROVAL AND RECONFIRMATION OF THE EQUITY INCENTIVE PLAN AND APPROVAL OF PROPOSED AMENDMENT

The Company's only security based compensation arrangement is the "Equity Incentive Plan", a summary of which is included in this Management Proxy Circular under the heading "*Securities Authorized For Issuance Under Equity Compensation Plans – Summary of the Equity Incentive Plan*".

The Equity Incentive Plan was first adopted in 2011, prior to the Company's listing on the TSX and its initial public offering in October, 2012. Accordingly, the three year term prescribed by the TSX expires in 2014. Shareholders will be asked to consider, and, if deemed appropriate, to approve an ordinary resolution, the full text of which is reproduced below, re-approving and confirming the Company's Equity Incentive Plan and any unallocated options and entitlements.

In addition, the Company proposes to increase the maximum number of Common Shares available under the share bonus provisions of the Equity Incentive Plan from 3,000,000 to 5,000,000 Class A Shares, an increase of 2,000,000 which represents approximately 0.34% of the total issued and outstanding Common Shares.

The text of the ordinary resolution reads as follows:

1. Subject to receipt of approval of the Toronto Stock Exchange, the equity incentive plan, as amended (the "Equity Incentive Plan"), described in the Management Proxy Circular of the Company dated March 26, 2014 and any unallocated options or other entitlements thereunder, be and they are hereby reconfirmed, authorized, ratified and approved in entirety, subject to such amendments as may be required by the Toronto Stock Exchange;

2. The Company is authorized to continue granting entitlements in accordance with the terms and conditions of the Equity Incentive Plan until May 5, 2017, being the date that is three (3) years from the date where shareholder approval is being sought; and

3. Any director or officer of the Company is authorized to execute and deliver all other documents and do all other acts and things as may be necessary or desirable to give effect to this resolution.

This approval will be effective for three years from the date of the Meeting. If approval is not obtained at the Meeting, options and other entitlements which have not been allocated as of the Meeting date and options and other entitlements which are outstanding as of the Meeting date and which are subsequently cancelled, terminated or exercised will not be available for a new grant under the Equity Incentive Plan. Previously allocated options and other entitlements will continue to be unaffected by the approval or disapproval of this resolution.

Unless such authority is withheld, the nominees identified on the proxy form intend to vote FOR the foregoing resolution approving and reconfirming the Company's Equity Incentive Plan, as amended.

OTHER BUSINESS

Management of the Company is not aware of any matter to come before the Meeting other than the matters referred to in the Notice of Meeting.

Compensation Discussion and Analysis

Executive Summary

The purpose of the Company's compensation program for senior executives is to provide incentives to attract, motivate and retain qualified and experienced executives, to align their interests with the interests of the Company's shareholders, and to provide for transparent and defensible compensation.

- The Company's Compensation and Human Resources Committee ("**Compensation Committee**") was established by the Board in May 2012. Through the Compensation Committee, the Board is committed to the transparent presentation of its compensation program.
- The three principal elements of the compensation program are: (i) base salary; (ii) performance bonuses (cash and/or shares); and (iii) long term incentives.
- Overall incentive compensation is awarded based on both corporate objectives and individual performance objectives.

In 2013, the Company established a peer comparator group and an incentive compensation plan to target both short term incentives ("**STI**") (cash and/or securities) and long term incentives ("**LTI**") such as stock options, both as a percentage of base salary, with targets varying depending on the responsibilities of the various executive positions.

Each executive was tasked to develop a career path with short and long term key performance areas (KPA) and key performance indicators (KPI) which was agreed to by senior executives and the Compensation Committee. In addition, corporate performance objectives were set. These KPA's and KPI's were evaluated and incentive recommendations were made by management to the Compensation Committee.

In 2013, the individuals who served as chief executive officer, chief financial officer and the other three most highly compensated executive officers (the "**Named Executive Officers**" or "**NEOs**") were:

NEO	Position Held
Robert M. Friedland	Executive Chairman
Lars-Eric Johansson	President and Chief Executive Officer
Marna Cloete	Chief Financial Officer
Steve Garcia	Chief Development Officer
Michael Gray	Chief Operating Officer

Compensation Committee

The Compensation Committee has the following objectives:

- provide strong incentive for management to contribute to the achievement of the Company's short term and long term goals;
- ensure the interests of the Company's executive officers and shareholders are aligned;

- enable the Company to attract, retain and motivate executive officers of the highest calibre in light of the strong competition in the Company's industry for qualified personnel; and
- provide fair, transparent, and defensible compensation.

In light of its objectives, the Compensation Committee has been assigned the following responsibilities:

- reviewing and approving corporate goals and objectives for the CEO's compensation, evaluating the CEO's performance and setting the CEO's compensation level;
- reviewing and making recommendations to the Board with respect to the adequacy and form of compensation and benefits of all executive officers and directors;
- administering and making recommendations to the Board with respect to the Company's incentive compensation plans and equity-based plans;
- recommending to the Board the CEO's performance evaluation, which takes into consideration the CEO's annual objectives and performance; and
- determining the recipients of, and the nature and size of share compensation awards and bonuses granted from time to time.

All Compensation Committee members are independent directors. In 2013, the Compensation Committee met five times, once in person. All meetings of the Compensation Committee are documented in the form of meeting minutes. The Compensation Committee is made up of the following members, all of whom have experience in dealing with compensation matters:

During his 38 year career in the natural resources sector, Mr. Cockerill has held a variety of executive management and operational roles. Since 2002, he has acted as Chief Executive Officer of several publicly listed multi-national companies, as well as served on the boards and associated sub-committees of several of these companies. Mr. Cockerill has extensive experience with the design, motivation and implementation of compensation schemes in various international organizations, specifically in relation to working with external remuneration consultants across the globe.
- Dr. Markus Faber has served as a member of the Compensation Committee since its establishment in May 2012. Dr. Faber served as a member of the compensation and benefits committee of Former Ivanhoe Mines for over ten years. Dr. Faber has been a member of the compensation and benefits committee of Sunshine Silver Mines Corporation since September, 2011, and has similarly acted for several other private companies, including fund management companies in Asia. In these capacities, Dr. Faber worked with professional remuneration consultants on matters pertaining to executive and director compensation.
- Mr. Oyvind Hushovd has served as a member of the Compensation Committee since its establishment in May 2012. Mr. Hushovd served on the compensation committee of global mining company, Cameco Corporation until May 2013, on the compensation and benefits committee of, Canadian-based global mining company, Inmet Mining Corporation until March 2013, and was a member of the compensation and benefits committee of LionOre Mining International Limited and Western Oil Sands Inc. prior to the sale of those companies in 2007. While gaining extensive experience as an executive of Falconbridge Limited and Gabriel Resources Ltd., Mr. Hushovd collaborated with professional remuneration consultants in respect of matters pertaining to the establishment and implementation of a number of compensation programs including senior management compensation programs.

Outside Consultants and Peer Comparator Group

In establishing policies covering base salaries, benefits, annual incentive bonuses, and long term incentives, the Compensation Committee takes into consideration the recommendations of management. When the Compensation Committee considers it necessary or advisable it may retain, at the Company's expense, outside consultants or advisors to assist or advise the Compensation Committee on any matter within its mandate. The Compensation Committee has the sole authority to retain and terminate any such consultants or advisors.

During 2013 the Compensation Committee engaged the services of the consulting firm Mercer Canada Ltd. ("**Mercer**") to assess executive pay levels, including base salary, short-term incentives, target total cash compensation, long-term incentives and target total direct compensation for approximately 20 positions (the "**Mercer Study**"). Mercer provided the Compensation Committee with an evaluation against peer group comparators (see below) and recommendations for potential adjustments to compensation levels and pay mix between compensation components.

The Mercer Study used a combination of proxy and compensation survey data. The comparator group consisted of, among others, Katanga Mining, Capstone Mining, Hudbay Minerals, Nevsun Resources, Agnico Eagle Mines, Thompson Creek Metals, First Quantum, Platinum Group Metals, Lonmin, Impala, Northam, Aquarius, African Minerals and African Barrick.

Mercer received \$37,503 in 2013 and \$28,557 in 2012 in connection with its executive compensation advice to the Compensation Committee. There were no other fees paid to other consultants or advisors in connection with compensation advice or services in 2013 or 2012.

Compensation Philosophy and Goals

The Board has the responsibility of overseeing the Company's compensation program. The Board has delegated certain oversight responsibilities to the Compensation Committee but retains final authority over the compensation program and process, including approval of material amendments to or the adoption of new equity-based compensation plans and the review and approval of Compensation Committee recommendations.

The Compensation Committee oversees and sets the general guidelines and principles for the Company's executive compensation policies. It assesses the individual performance of the Company's executive officers and makes recommendations relating to compensation to the Board. Based on these recommendations, the Board makes decisions concerning the nature and scope of the compensation to be paid to the Company's executive officers. The Compensation Committee bases its recommendations to the Board on its compensation philosophy and the Compensation Committee's assessment of corporate and individual performance, recruiting and retention needs. In the normal course, the Company's total compensation package is comprised of three principal elements: salary, bonus, and equity incentives. Certain executives receive other compensation additionally, such as housing allowance and travel expenditures.

The Chairman of the Compensation Committee will meet with the CEO at least annually to discuss management's corporate goals for the forthcoming year, and to complete the annual review of the CEO's performance. The Compensation Committee works with the CEO to evaluate the performance and set the compensation, including proposed salary adjustments and awards, for the other NEOs.

NEOs and directors are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps or collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director in accordance with the Company's Corporate Disclosure, Confidentiality and Securities Trading Policy.

Management of Risk

In designing and implementing the Company's compensation policy, the Compensation Committee and the Board regularly assess the risks associated with the Company's policies and practices. During 2013,

the Company introduced an incentive structure that focuses on a number of objectives based on the short and long term strategic goals of the Company. In doing so, the Company avoids using a single metric, which in the Company's view could be distortive. Planned performance is now be measured against actual achievements on a continuous basis, enabling the Board to react to any significant unanticipated risks. The Compensation Committee maintains sufficient discretion and flexibility in implementing compensation decisions such that unintended consequences in remuneration can be minimized, while still allowing the Compensation Committee to be responsive to market forces in a competitive environment.

Compensation Decisions for 2013

The principal components of executive compensation in 2013 consisted of base salary, cash bonuses and stock options in accordance with the principal elements of the Company's compensation program.

Performance objectives were set at the beginning of the year and included such elements as securing of sufficient financing to deliver on corporate commitments and to fund the advancement of the projects, securing of strategic partnerships to develop its assets, building an organization to support the growth of the group, advancing the economic studies at the Kamoia and Platreef projects, the dewatering of the Kipushi mine, securing the required licenses from regulatory bodies, and achieving a good corporate record in health and safety and in ensuring a spotless environmental record.

In the case of the NEO's the judgment was based on a mix of corporate objectives and performance objectives for each executive as well as a discretionary assessment of overall job performance.

Taking into account the financial situation of the Company, the Board, on the recommendation of the Compensation Committee, did authorize the payment of bonuses consisting of half a portion in cash and half a portion in shares.

The following table sets forth the NEOs Short Term Incentive targets compared to the Short Term Incentive awarded, each representing annual bonus targets expressed as a percentage of base salary as set forth in the following table:

Robert M. Friedland Executive Chairman and Director	75%	75%

(1) Although Ms. Cloete had a Short Term Incentive target of 30%, she received a Short Term Incentive of 50% and her Short Term Incentive target going forward was amended to 50%.

Salary

In establishing base salaries for its officers during 2013, the Compensation Committee and Board relied on their experience and knowledge of comparable market salary levels for individuals in positions with similar responsibilities and experience, as well as contractual commitments negotiated at the time of

hiring of certain NEOs. The Compensation Committee further relied on the Mercer Study to assess executive pay levels, which included comparative base salaries.

Bonuses

The payment of short to medium term incentives / bonuses were linked to specific KPAs and KPIs which were determined per executive position and were subject to Board approval. Short to medium term incentives or bonuses consisted of half a cash portion and half bonus shares and were expressed as a percentage of the base salary.

Stock Options

During 2013, the Company granted stock options to provide long term incentive compensation for its NEOs. The 2013 awards were granted on a discretionary basis, based on the Board and the Compensation Committee's assessments of responsibilities and achievements, recognizing that at the earlier stage of development, stock option awards can help to preserve cash resources. Generally, the number of options granted to any NEO is a function of the level of authority and responsibility of the NEO, the contribution the NEO made to the business and affairs of the Company, the number of options the Company has already granted to the NEO, and such other factors as the Compensation Committee may consider relevant.

In 2013, the following NEOs were granted a number of options as part of their 2013 annual compensation, Ms. Cloete was issued 50,000 options as part of her 2012 annual compensation, with each option exercisable at Cdn\$4.98 and expiring January 11, 2018. Mr. Friedland and Mr. Johansson were issued 1,000,000 options each, Mr. Gray and Mr. Garcia were issued 500,000 options each and Ms. Cloete was issued 400,000 options, with each option exercisable at Cdn\$1.98 and expiring on December 13, 2018; in each case as a year-end bonus. The options were granted in accordance with the Company's Equity Incentive Plan and shall vest in four equal parts, each representing 25% of the options, commencing on the one year anniversary of the date of grant and on each of the three anniversaries thereafter.

Other Compensation

The aggregate "other compensation" received by each NEO is disclosed in the "Summary Compensation Table" below. The Company does not provide its executive officers with a pension plan.

Compensation Decisions and Structure for 2014

For 2014 and going forward, the Compensation Committee intends to follow a compensation program for senior management, based on the recommendations of Mercer using equitable comparator group market analysis. Upon review of the comparator group in December 2013, the Compensation Committee and the Board kept the annual salaries for 2014 of Mr. Friedland and Mr. Johansson at \$650,000, Mr. Gray and Mr. Garcia at \$500,000 and increased the salary of Ms. Cloete to \$350,000.

Under the new compensation program, total direct compensation is intended to be comprised of annual base salaries, and STI and LTI awards, such awards intended to be based on the achievement of pre-determined, measurable corporate and/or individual performance objectives, subject to approval by the Board and recognizing that the Compensation Committee and Board will retain a significant degree of discretion in making compensation decisions. LTI awards will continue to consist of awards of stock options, such stock options subject to the terms of the Equity Incentive Plan, and STI awards of cash and/or securities of the Company, each representing annual bonus targets expressed as a percentage of base salary as set forth in the following table:

	Executive Chairman President & CEO	Chief Operating Officer Chief Development Officer Executive Vice Presidents Chief Financial Officer	Vice Presidents
Long Term Incentive	75%	50%	30%
Short Term Incentive	75%	50%	30%

The performance objectives for 2014 are as follows:

- The completion of pre-feasibility studies at the Kamoia and Platreef Projects;
- The completion of an exploration program and development plan for the Kipushi Project;
- To obtain the Mining Right for the Platreef Project;
- The conclusion of the Broad Based Black Economic Empowerment ownership structure for the Platreef Project;

Termination and Change of Control Benefits

The Company has employment arrangements with each of its NEOs which may include letter agreements, employment agreements and option agreements. The following sets out an estimate of the termination payments that would be payable to the Company's NEOs during the time periods and in the circumstances provided:

- (a) the Company may terminate the NEO's employment without notice, payment in lieu of notice, severance payments, damages or any sums whatsoever for cause;
- (b) the Company may terminate the employment agreement on six months' notice or payment equal to six months' base salary, plus one additional month's notice, or payment in lieu, for each year of service from the date of commencement of employment to a maximum of 20 months' notice, or payment in lieu, to an NEO, and all of such NEOs unvested stock options will be deemed to have vested, and all of such NEOs unexercised stock options will remain exercisable until the earlier of twelve months following the date of such termination and the expiry date of such options;

- (c) an NEO may terminate the employment agreement on six months' notice to the Company without payment of severance; and
- (d) if a change of control occurs and, at any time during the twelve month period following such change of control, either (i) there occurs a termination of an NEO's employment by the Company, except for cause, or (ii) NEO resigns employment for good reason (as defined in the respective agreements for each NEO) then, in each case, in lieu of the payments on termination otherwise payable under the employment agreement, each NEO shall be entitled to receive a lump sum payment equal to his or her annual base salary, all of such NEOs unvested stock options will be deemed to have vested, and all of such NEOs unexercised stock options will remain exercisable until the earlier of twelve months following the date of such termination and the expiry date of such options.

For purposes of the employment agreements with the NEOs, a "change of control" will occur if, among other things, there is a merger, arrangement or similar transaction in which holders of the Company's Common Shares prior to completion of the transaction hold less than 50% of the outstanding voting securities of the successor corporation or entity after the transaction, or there occurs the direct or indirect acquisition by any person, or combination of persons acting jointly or in concert, of more than 50% of the voting rights attached to all outstanding voting securities of the Company (currently the Class A Shares and Class B Shares), or a person comes to acquire the legally enforceable right to elect a majority of the Board.

The following is an estimate of incremental payments to the NEOs under the foregoing scenarios as at December 31, 2013:

In 2012, the Company established a Deferred Stock Unit (“**DSU**”) plan to provide non-executive directors of the Company with the opportunity to acquire DSUs in order to allow them to participate in the long term success of the Company and to promote a greater alignment of interests between its non-executive directors and shareholders. DSUs are notional shares that mirror the market value of the Company’s shares and where the value of each unit is equal to the whole value of the underlying security. Issuances of DSUs for directors’ retainers or as annual incentives in lieu of option grants are less dilutive than fully exercised stock options, as no shares are issued from treasury. The Company’s DSU plan is administered by the Compensation Committee and Board which has the power to make decisions about the awarding of DSUs, including the vesting of such awards. Unless otherwise determined by the Board, DSUs will cease vesting when a director leaves the Board. Unless otherwise determined by the Compensation Committee or the Board at or after the award date, any DSUs outstanding but unvested prior to a change of control will vest upon a change of control.

The DSU plan provides non-executive directors of the Company with a quarterly grant of 2,500 DSUs, each representing an equivalent economic interest to a Common Share.

For the compensation received by directors who are executive officers, see “Summary Compensation Table” on page S2-7.

SCHEDULE 3 – CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (the “**Disclosure Instrument**”) requires the Company to annually disclose its corporate governance practices with reference to a series of corporate governance practices outlined in National Policy 58-201 – *Corporate Governance Guidelines* (the “**Guidelines**”).

The following is a discussion of each of the Company’s corporate governance practices for which disclosure is required by the Disclosure Instrument. Unless otherwise indicated, the Board believes that its corporate governance practices are consistent with those recommended by the Guidelines.

Board of Directors

Director Independence

For the purposes of the Disclosure Instrument, a director is independent if he or she has no direct or indirect material relationship with the Company. A “material relationship” is one which could, in the view of the Board, reasonably be expected to interfere with the exercise of the director’s independent judgment. Certain specified relationships will, in all circumstances, be considered, for the purposes of the Disclosure Instrument, to be material relationships.

As of the date of this Management Proxy Circular, the Board consists of seven (7) individuals who are independent and three (3) individuals who are not independent, when applying the criteria prescribed by the Disclosure Instrument. If all of management’s nominees are elected as directors at the Meeting, the Board will consist of seven (7) individuals who are independent and three (3) individuals who are not independent.

The current independent directors are: Ian Cockerill, Charles Russell, Dr. Markus Faber, William Lamarque, Oyvind Hushovd, William Hayden and Dr. Rilwanu Lukman. Mr. Ian Cockerill has been appointed as the Lead Independent Director of Ivanhoe, whose mandate in this regard is to act in a leadership role on behalf of all independent directors.

Robert M. Friedland (the Executive Chairman of the Board), Peter Meredith, and Guy de Selliers are not independent for the purposes of the Disclosure Instrument. Mr. Friedland is the founder and Executive Chairman of the Company. Mr. Meredith has been determined to be not independent at this time by virtue of his historical close business relationship with Mr. Friedland, including their prior roles as senior executives of Former Ivanhoe Mines. Finally, Mr. de Selliers is not independent as a result of his material interest in HCF International Advisors, a firm who has provided financial advisory services to Ivanhoe.

Other Directorships

For information respecting those companies that are reporting issuers (or the equivalent) in Canada or elsewhere in which any of the directors of the Company also act as directors, please see the section entitled “Election of Directors” starting on page 11 of this Management Proxy Circular and Schedule 1.

Meetings of Independent Directors

Meetings of the independent directors are held to update the independent directors on corporate developments since the last board meeting. There was one meeting of the independent directors in 2013. The Company’s non-executive directors are entitled to hold meetings at which members of management are not present. However, insofar as the non-executive directors are not all independent directors (for example, Mr. Meredith is a non-executive director but is not considered independent), such non-executive, non-independent director may participate in such meetings. Two meetings of the non-executive directors were held in 2013.

The Compensation Committee is comprised solely of independent directors. The Nominating and Corporate Governance Committee is comprised of a majority of independent directors. The independent directors on each committee at times go “in camera” in their committee meetings and request that any

non-independent directors and members of management who may be attending such meetings as guests excuse themselves. Any committee member can request that any part of a committee meeting be held on an in camera basis at any time. Accordingly, the Board believes that the committee meetings provide an adequate forum in which to facilitate open and candid discussion among the Company's independent directors. Each of the Nominating and Corporate Governance Committee and the Compensation Committee met four (4) and five (5) times, respectively, during 2013.

Independence of Board Chair

The Executive Chairman is a non-independent director. However, Ian Cockerill, the Independent Lead Director of the Board, is an independent director. Mr. Cockerill's responsibilities include:

- providing a source of Board leadership;
- ensuring that the Board functions effectively and independently of management;
- overseeing the quality of the information sent to directors;
- acting as a facilitator with respect to interaction among the independent directors and between management and the independent directors;
- chairing any meetings of the independent directors held from time to time; and
- overseeing the governance obligations of the Board and its committees generally.

Meeting Attendance Records

For information concerning the number of Board and committee meetings held in 2013 and the attendance record of each director in respect of those meetings, please see the section entitled "Election of Directors" starting on page 11 of this Management Proxy Circular and Schedule 1.

Mandate of the Board

Under the BCBCA, the directors of the Company are required to manage the Company's business and affairs, and in doing so to act honestly and in good faith with a view to the best interests of the Company. In addition, each director must exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

As required by the BCBCA, the Board is responsible for supervising the conduct of the Company's affairs and the management of its business, including setting long term goals and objectives for the Company, formulating the plans and strategies necessary to achieve those objectives, supervising senior management in their implementation and reviewing the principal risks inherent in the Company's business. Although the Board delegates the responsibility for managing the day to day affairs of the Company to senior management personnel, the Board retains a supervisory role in respect of, and ultimate responsibility for, all matters relating to the Company and its business. The obligations of the Board must be performed continuously, and not merely from time to time, and in times of crisis or emergency the Board may assume a more direct role in managing the affairs of the Company.

The Board strives to ensure that actions taken by the Company are in the best interest of the Company's shareholders. The Board's strategic planning process includes annual and quarterly budget reviews and approvals, reviews of the operations and risk issues at each Board meeting, and annual reviews of the Company's resources, which are required to carry out the Company's growth strategy and to achieve its objectives. In addition to those matters that must, by law, be approved by the Board, the Board is required to approve annual operating and capital budgets, any material dispositions, acquisitions and investments outside of the ordinary course of business or not provided for in the approved budgets, long term strategy, organizational development plans and the appointment of senior executive officers. The Board periodically reviews the mandate of the Company and supplements it as required from time to time.

The Board fulfills its statutory obligations through direct oversight, setting policy, appointing committees and appointing officers of the Company. Specific responsibilities under the written mandate include the following:

1. Approving the issuance of any securities of the Company.
2. Approving the incurrence of any debt by the Company outside the ordinary course of business.
3. Reviewing and approving the annual and quarterly capital and operating budgets.
4. Reviewing and approving major deviations from the capital and operating budgets.
5. Approving the annual audited consolidated financial statements and interim consolidated financial statements, including the management discussion & analysis, information circulars, annual information forms, annual reports, offering memorandums and prospectuses.
6. Approving material investments, dispositions and joint ventures, and approving any other major initiatives outside the scope of approved budgets.
7. Reviewing and approving the Company's strategic plans, adopting a strategic planning process and monitoring the Company's performance.
8. Reviewing and approving the Company's incentive compensation plans.
9. Determining the composition, structure, processes, and characteristics of the Board and the terms of reference of committees of the Board, and establishing a process for monitoring the Board and its directors on an ongoing basis.
10. Appointing a nominating and corporate governance committee, an audit committee, a compensation and human resources committee, and any other committees from time to time, and delegating to any such committees powers of the Board as appropriate and legally permissible.
11. Nominating the candidates for the Board to the shareholders, based on recommendations from the nominating and corporate governance committee.
12. Ensuring an appropriate orientation and education program for new directors is provided.
13. Determining whether individual directors meet the requirements for independence under applicable regulatory requirements.
14. Monitoring the ethical conduct of the Company and ensuring that it complies with applicable legal and regulatory requirements.
15. Ensuring that the directors that are independent of management have the opportunity to meet regularly.
16. Reviewing its mandate and other Board policies and terms of reference for committees of the Board in place from time to time and propose modifications as applicable.
17. Appointing and monitoring the performance of senior management, formulating succession plans for senior management and, with the advice of the Compensation Committee, approving the compensation of senior management.
18. Ensuring policies and processes are in place for identifying principal business risks and opportunities for the Company, addressing the extent to which such risks are acceptable to the Company, and ensuring that appropriate systems are in place to manage risks.

19. Ensuring policies and processes are in place to ensure the integrity of the Company's internal control, financial reporting and management information systems.
20. Ensuring appropriate policies and processes are in place to ensure the Company's compliance with applicable laws and regulations, including timely disclosure of relevant corporate information and regulatory reporting.
21. Exercising direct control during periods of crisis.
22. Serving as a source of advice to senior management, based on directors' particular backgrounds and experience.
23. Ensuring that the directors have direct access to management and, as necessary and appropriate, independent advisors.
24. Ensuring evaluations of the Board and its committees are carried out at least annually.

Position Descriptions

The Board has not adopted a written position description for the Executive Chairman, Mr. Friedland. To date the scope of duties of the Executive Chairman has been tailored to the unique skills, talents and experience that Mr. Friedland possesses and includes strategic planning, corporate and business development, fundraising and value creation.

The Board has not developed written position descriptions for the chairs of its committees. The Company expects that the chairs will assume a leadership role in the committees, and that written position descriptions may, in the future, be developed.

The Board has not developed a written position description for its Chief Executive Officer, Mr. Johansson. The CEO's roles and responsibilities are delineated through his employment agreement with the Company, and through the on-going communication process between the CEO (and other senior management) and the Executive Chairman and Board.

Orientation and Continuing Education

Board Orientation

The Board is responsible for the orientation and education of new members of the Board and all new directors are provided with copies of the Company's policies, although a formal orientation and education process has not been adopted. Prior to joining the Board, each new director is briefed by management of the Company. This briefing includes an outline of the business and prospects of the Company, both positive and negative, with a view to ensuring that such director is properly informed to commence his or her duties as a director. Each new director is also given the opportunity to meet with the auditors and counsel to the Company, and to make site visits to the Company's properties. All Directors are members of the Institute of Corporate Directors.

Continuing Education

Management and outside advisors provide information to the Board and its committees to keep the directors up-to-date with the Company, its business and the environment in which it operates as well as with developments in the responsibilities of directors. In addition, directors are encouraged to take courses relevant to the Company and its business, particularly with respect to corporate governance and the mining industry.

Ethical Business Conduct

The directors encourage and promote a culture of ethical business conduct through communication and supervision as part of their overall stewardship responsibility. In addition, the Company has adopted a Code of Business Conduct and Ethics (the “**Code**”) which addresses the Company’s continuing commitment to integrity and ethical behaviour. The Code establishes procedures that allow directors, officers and employees of the Company to confidentially submit their concerns to the Lead Independent Director regarding questionable ethical, moral, accounting or auditing matters, without fear of retaliation. A copy of the Code and other governance documents are available on Ivanhoe’s website, www.ivanhoemines.com. Compliance with the Code is maintained primarily through the reporting process within the Company’s organizational structure.

The Company uses a confidential and anonymous reporting system that allows individuals to report suspected illegal, unethical or improper conduct in violation of the Code through the Internet or a toll-free telephone number. The reporting system is run by an independent third party and generates reports for the Company’s Ethics and Compliance Officer and the Audit Committee. The Ethics and Compliance Officer reviews the reports with the Chair of the Audit Committee as they are received and investigates any alleged breaches of the Code and certain other Company policies.

Certain members of the Board are directors or officers of, or have significant shareholdings in, other mineral resource companies and, to the extent that such other companies may participate in ventures in which the Company may participate, the directors of the Company may have a conflict of interest in negotiating and concluding terms respecting the extent of such participation. Where such a conflict involves a particular Board member (i.e. where a Board member has an interest in a material contract or material transaction involving the Company), such Board member will be required to disclose his or her interest to the Board and refrain from voting at the Board meeting of the Company considering such contract or transaction in accordance with applicable law. It is not always easy to determine whether a conflict of interest exists, so any potential conflicts of interest should be reported immediately to a member of senior management who is independent of the potential conflict and who will assess the issue with the advice of legal counsel. In rare instances, if deemed appropriate, the Company may establish a special committee of independent directors to review a matter in which several directors, or management, may have a conflict.

Audit Committee

The Audit Committee is comprised of Oyvind Hushovd (Chair), Charles Russell and William Lamarque, each of whom is “financially literate” within the meaning of National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”) of the CSA. All Audit Committee members are “independent” within the meaning of NI 52-110.

The Company has adopted an Audit Committee charter which codifies the mandate of the Audit Committee, and specifically defines the relationship with, and expectations of, the external auditors, including the establishment of the independence of the external auditor and the approval of any non-audit mandates of the external auditor; the engagement, evaluation, remuneration and termination of the external auditor; its relationship with, and expectations of, the internal auditor function and its oversight of internal control; and the disclosure of financial and related information. The Board will review and reassess the adequacy of the Audit Committee charter on an annual basis.

A copy of the Audit Committee’s charter may be obtained upon request to the Corporate Secretary, 654 - 999 Canada Place, Vancouver, British Columbia, V6C 3E1, telephone (604) 688-6630. In addition, the Audit Committee charter is included in each Annual Information Form filed by the Company and available at www.sedar.com and on the Company’s website at www.ivanhoemines.com.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, consisting of Messrs. Meredith (Chair), Cockerill and Russell, has been established to assist the Board with the nomination of directors and to develop, monitor and implement the Company’s approach to corporate governance. While Mr. Meredith is not

independent, the Board has considered his extensive experience with public companies in determining his position as Chair of the Nominating and Corporate Governance Committee. The Board considers the presence of two senior and experienced independent directors to be sufficient to encourage any objective nominating process.

The role of the Nominating and Corporate Governance Committee is to, amongst other things: (i) identify individuals qualified to become members of the Board and Board committees; and recommend that the Board select such persons as nominees for appointment or election to the Board; (ii) develop and recommend to the Board corporate governance guidelines for the Company and make recommendations to the Board with respect to corporate governance practices; and (iii) establish such permanent or ad hoc committees as it deems necessary for the purposes of assisting in the corporate governance of the Company. All members shall have a working familiarity with corporate governance practices.

In fulfilling its responsibilities to identify individuals qualified to become members of the Board, the committee will consider: (i) the independence of each nominee; (ii) the experience and background of each nominee; (iii) the skill set of each nominee relative to the balance of skills required by the Board and its committees to meet their respective mandates; (iv) the past performance of directors being considered for re-election; (v) applicable regulatory requirements; and (vi) such other criteria as may be established by the Board or the Nominating and Corporate Governance Committee from time to time.

A copy of the Nominating and Corporate Governance Committee's charter may be obtained upon request to the Corporate Secretary, 654 – 999 Canada Place, Vancouver, British Columbia, V6C 3E1, telephone (604) 688-6630 and is available on the Company's website at www.ivanhoemines.com.

Compensation and Human Resources Committee

The Board's mandate includes reviewing and approving compensation for the directors and officers of the Company. The Board has established the Compensation Committee, which is currently comprised of Messrs. Cockerill (Chair), Hushovd and Faber, each of whom is independent.

The individuals comprising the Compensation Committee have acted as directors and executive officers for a variety of publicly listed and private companies. As a group, such directors have several years of directorship experience and each director has been a regular attendee at Board meetings. The Company believes that the directors' experiences in this regard are relevant to their responsibilities in determining executive compensation and enables them to make decisions on the suitability of the Company's compensation policies and practices.

The Compensation Committee's mandate includes establishing an overall compensation policy for the Company and monitoring its implementation, with special attention devoted to the executive group. In particular, the Compensation Committee is responsible for reviewing and making recommendations to the Board periodically regarding the Company's remuneration and compensation policies, including short and long term incentive compensation plans and equity-based plans, bonus plans, executive stock option plans and grants and benefit plans (including the group life and health program). In this regard, the Compensation Committee has the authority to retain such independent advisors as it may deem necessary or advisable for its purposes. The Compensation Committee meets at least annually to fulfill its mandate and in 2013 met five (5) times.

In December 2012, the Company adopted a corporate policy to encourage non-executive directors to invest in the Common Shares of the Company by requiring each non-executive director to hold Common Shares having an aggregate market value equal to not less than one (1) times the basic annual retainer non-executive directors. Each non-executive director is expected to meet this minimum threshold by the later of (i) the third anniversary following his initial appointment or election to the Board and (ii) two (2) years following the date of adoption of the policy by the Company.

The Company has also adopted a corporate policy to align the interests of the Company's executive management with the interests of its shareholders by requiring the executive officer to hold Common Shares having an aggregate market value equal to not less than one (1) times his annual base salary

within five years by the later of (i) the date of commencement of his employment as executive officer or (ii) the adoption of the policy by the Company.

The level of compensation for the Board and its committees will be reviewed periodically by the Compensation Committee, which makes recommendations to the Board with respect thereto.

A copy of the Compensation Committee's charter may be obtained upon request to the Corporate Secretary, 654 – 999 Canada Place, Vancouver, British Columbia, V6C 3E1, telephone (604) 688-6630 and is available on the Company's website at www.ivanhoemines.com.

Board Committees

In addition to the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee, the roles of which have been discussed above, the Board has also created the Sustainability Committee.

Sustainability Committee

The Sustainability Committee is comprised of Messrs. Russell (Chair) and Hayden and Dr. Lukman, all of whom are independent. The Board has determined that the input of management is important in reviewing the environmental affairs of the Company and the sustainability committee liaises with the management of Ivanhoe on an as needed basis.

The Sustainability Committee is responsible for establishing and reviewing the Company's safety, health and environmental policies; monitoring effectiveness of, and compliance with, such policies; and receiving audit results and reports from management regarding sustainability performance.

Assessments

One of the objectives of the Nominating and Corporate Governance Committee is to develop a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors. Notwithstanding the foregoing, the Nominating and Corporate Governance Committee will, as part of its mandate: (i) examine the size and composition of the Board and recommend adjustments from time to time to ensure that the Board is of a size and composition that facilitates effective decision-making; (ii) identify and assess the necessary and desirable competencies and characteristics for the Board and the extent to which those competencies and characteristics are represented thereon; (iii) ensure that the Board has appropriate structures and procedures in order to function with the proper degree of independence from management; (iv) review practices and procedures of the Board in light of ongoing developments in securities law, stock exchanges and regulatory requirements, and industry best practices, relating to matters of corporate governance; and (v) review and reassess the adequacy of the Company's corporate governance policies, practices and procedures annually and recommend to the Board any changes deemed appropriate by it.

Majority Voting Policy

On February 6, 2013, the Board adopted a majority voting policy, which requires that, in an uncontested election, any nominee for director with respect to whom a majority of the votes represented by proxies validly deposited prior to the Meeting are "withheld" from his or her election (a "**Majority Withheld Vote**"), submit his or her resignation to the Nominating and Corporate Governance Committee for consideration following the Meeting.

The Nominating and Corporate Governance Committee must consider the resignation, and make a recommendation to the Board whether or not to accept it. The Board must consider the recommendation of the Nominating and Corporate Governance Committee, and determine whether or not to accept the recommendation. A press release disclosing the Board's determination (and the reasons for rejecting the resignation, if applicable) must be issued within 90 days following the date of the Meeting.

Any director who tenders his or her resignation is not entitled to participate in any meeting of the Nominating and Corporate Governance Committee, if he or she is a member of that committee, or of the Board to consider whether his or her resignation should be accepted.

In a contested election, where the number of director nominees exceeds the number of directors to be elected, a plurality vote standard will continue to apply.
