

QUARTERLY SUSTAINABILITY REVIEW

March 2026

Q1

Table of Contents

“As we wrap-up the first quarter of 2026, we would like to reaffirm our commitment towards driving sustainable performance with a commitment to zero harm. Although zero harm remains our goal, the realities of an inherently high-risk mining environment were underscored by the loss of life of two contractor employees at Kamo-a-Kakula after a fire occurred during concentrator maintenance involving flammable material. Our thoughts are with their families, friends, and colleagues.

As we reflect on this loss, we also recognize the progress made across other areas, including the launch of high-purity copper anode production at Kamo-a-Kakula, ongoing operational improvements, and continued integration of sustainability through robust governance.”

Jasmine Abrahams

2026 Safety Statistics, Q1

	KAMOA-KAKULA	PLATREEF	KIPUSHI
Lost-time injury-free hours since last incident	2,980,869	3,416,218	4,093,407
*TRIFR	2.75	1.49	0.00
LTIFR	0.62	0.00	0.00
LTIs	5	0	0

* **TRIFR** Total recordable injury frequency rate = (fatalities + lost time injuries + restricted work injury + medical treatment injury) x 1,000,000/hours worked.
LTIFR Lost time injury frequency rate = (LTIs*1,000,000)/manhours
LTIs Lost-time injuries

RAMBO REPORTING FOR DUTY

The new Mercedes-Benz U5000 Unimog Firefighting Pumper, affectionately known as “Rambo,” arrived in January 2026. Designed to operate in demanding conditions, Rambo enhances the EMS team’s ability to respond swiftly and safely to emergencies, whether on the surface, underground, or in hard-to-reach off-road areas, ensuring that high-risk operational spaces are better safeguarded.

PROTECTION AND PREVENTION

Members from the Sustainability and Health and Safety Departments conducted a campaign to empower the youth by raising awareness about HIV/AIDS with information to protect themselves and others, reducing new infections through informed choices and preventative measures.

**KAMOA-
KAKULA**

BIGGER AND BETTER – NEW ENGINEERING TRAINING CENTER

Hands-on training at Kamoa-Kakula's new Engineering Training Center empowers employees with globally recognized mechanical skills, supporting sustainable growth and local workforce development

LOCKED AND LOADED

Marking another celebratory moment and milestone achievement was the first load of Kaoma-Kakula's 99.7% copper anodes produced by the state-of-the-art on-site smelter, commissioned in Q4 2025. DRC government officials were on site to witness the inaugural shipment, marking an important step in meeting mineral export traceability requirements.

MPALA HEALTH POST: A CONCRETE COMMITMENT TO COMMUNITIES

Kamoa-Kakula handed over the Mpala Health Post, bringing joy to the community by providing access to essential medical care close to home. The new facility strengthens Kamoa's network of eight supported health posts and reinforces its commitment to community well-being and shared development.

CREATING BETTER CONDITIONS FOR COMMUTERS USING RECYCLED MATERIALS

Kamoakakula's new bus shelter was built by their own team using repurposed materials. It's a small but real example of Kamoakakula's focus on sustainability, and it gives commuters a safer, friendlier place to wait.

GREEN DAY

Kamoa Centre of Excellence and the Kamoa-Kakula Environmental Department joined forces for International Day of Zero Waste, leading a community clean-up that brought together locals with a shared passion for protecting their environment and honoring their home

SUPPORTING SCHOOL ATTENDANCE

Platreef Mine donated 773 packs of sanitary towels to the Mokopane Thuthuzela Care Centre in support of its back-to-school campaign, aimed at creating a safe and supportive environment for learners. The initiative addressed key social challenges such as period poverty, reducing barriers to education by improving girls' attendance at school.

LONG SERVICE MILESTONES AND EMPLOYEE DEDICATION

Platreef proudly hosted a long-service awards ceremony to honour employees marking five, ten, and fifteen years of dedicated service. The event celebrated not only their loyalty and invaluable contributions, but also the collective commitment that drives the Company forward. The occasion underscored Platreef's belief in recognizing its people and sharing the value created, reinforcing that its employees remain the foundation of its strength and future.

CELEBRATING EXCELLENCE

The Department of Education in the Mogalakwena District hosted several Matric awards ceremonies to celebrate the exceptional achievements of the 2025 class. Platreef Mine proudly attended two of these events, contributing prizes in partnership with Master Drilling, recognizing and encouraging the hard work and resilience of the region's top learners.

INTERNATIONAL WOMEN'S DAY CELEBRATIONS

Kipushi Mine organized two celebrations in honour of International Women's Day. The first was attended by Kipushi Mine employees and contractors. The theme of the day was centered around "Guaranteed rights: sustainable empowerment for all women and girls in the DRC". The second event honoured women of the Kipushi community and the Kaponda Chiefdom.

TURNING SUDS INTO SUPPORT

Kipushi Mine donated a fully equipped car wash project, known as YAMA, to the Kipushi Territorial Youth Council to support youth empowerment and job creation. To facilitate an easy launch and smooth operations, this donation was accompanied by a significant supply of vehicle washing products and other necessary tools.

ESG

We strive to ensure that social and economic benefits are shared as widely as possible through our community enhancement initiatives, as well as the stakeholder agreements conducted with our host communities, local entrepreneurs and employees.

Our commitment to responsible exploration and mine development is central to our strategic vision. We operate under clear, value-based principles of excellence, personal accountability, integrity and social and environmental responsibility.

“We care deeply about what we do, why we do it and how we do it, recognizing the interconnectedness and necessity of all four pillars for sustainable development – Governance, People, Planet and Prosperity – in the creation of sustainable stakeholder wealth.”
