## **Ivanhoe Mines to issue Q1 2024 financial results and host conference call for investors on April 30, 2024**

### **Ivanhoe Mines publishes 7<sup>th</sup> Annual Sustainability Report**

TORONTO, CANADA – Ivanhoe Mines (TSX: IVN; OTCQX: IVPAF) will release its first quarter 2024 financial results before market open on April 30, 2024. In addition, Ivanhoe Mines will release its seventh annual sustainability report before market open on April 17, 2024.

The company will hold an investor conference call to discuss its first quarter 2024 financial results at 10:30 a.m. Eastern time / 7:30 a.m. Pacific time on April 30. The conference call will conclude with a question-and-answer (Q&A) session.

Media are invited to attend on a listen-only basis. To view the webcast use the link: <https://edge.media-server.com/mmc/p/97jmntfg>

Analysts are invited to join by phone for the Q&A using the following link: <https://register.vevent.com/register/Ble7bc3992938549e4a3e3a37cbabc4760>

An audio webcast recording of the conference call, together with supporting presentation slides, will be available on Ivanhoe Mines' website at [www.ivanhoemines.com](http://www.ivanhoemines.com).

After issuance, the condensed consolidated interim financial statements and Management's Discussion and Analysis will be available at [www.ivanhoemines.com](http://www.ivanhoemines.com) and at [www.sedar.com](http://www.sedar.com).

Ivanhoe Mines seventh annual Sustainability Report will highlight the company's dedication to Environmental, Social, and Governance (ESG) initiatives, underscoring its steadfast commitment to sustainable development and corporate responsibility.

### **About Ivanhoe Mines**

Ivanhoe Mines is a Canadian mining company focused on advancing its three principal projects in Southern Africa; the expansion of the Kamoa-Kakula Copper Complex in the DRC, the construction of the tier-one Platreef palladium-rhodium-platinum-nickel-copper-gold project in South Africa; and the restart of the historic ultra-high-grade Kipushi zinc-copper-germanium-silver mine, also in the DRC.

Ivanhoe Mines also is exploring for new copper discoveries across its circa 2,400km<sup>2</sup> of licences in the Western Foreland, located adjacent to, or in close proximity to, the Kamoa-Kakula Copper Complex in the DRC.
